

Podesavanja Vage

Podesavanja za vage

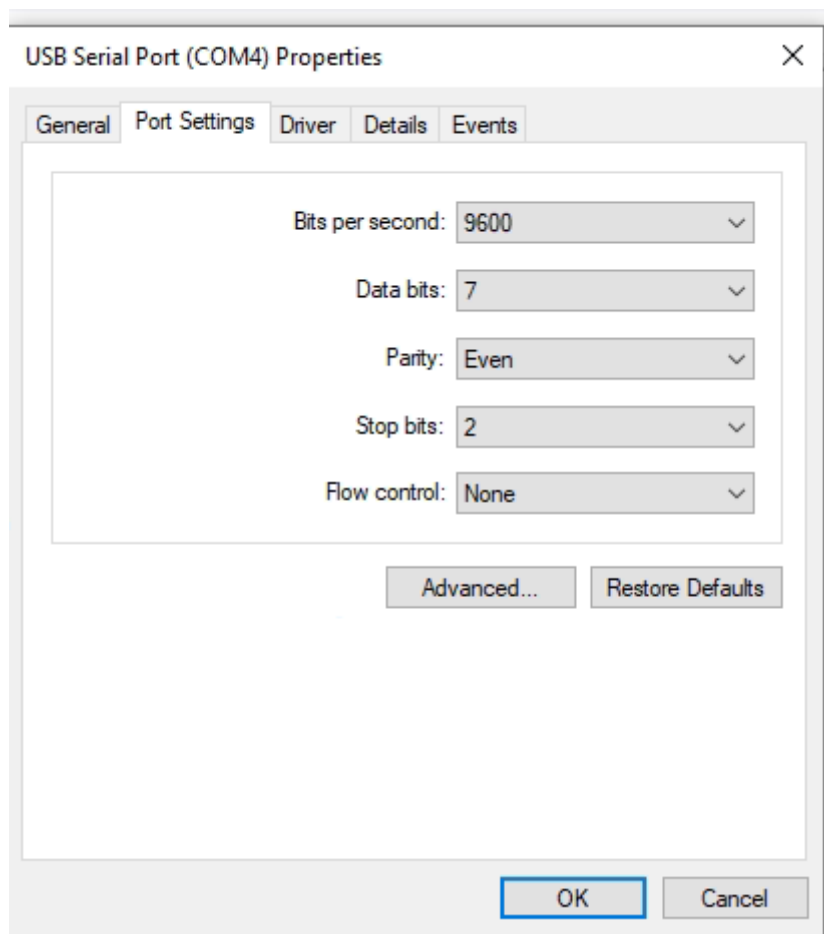

- Bizerba
- Ugradna Vaga / Barkod Datalogic

Bizerba

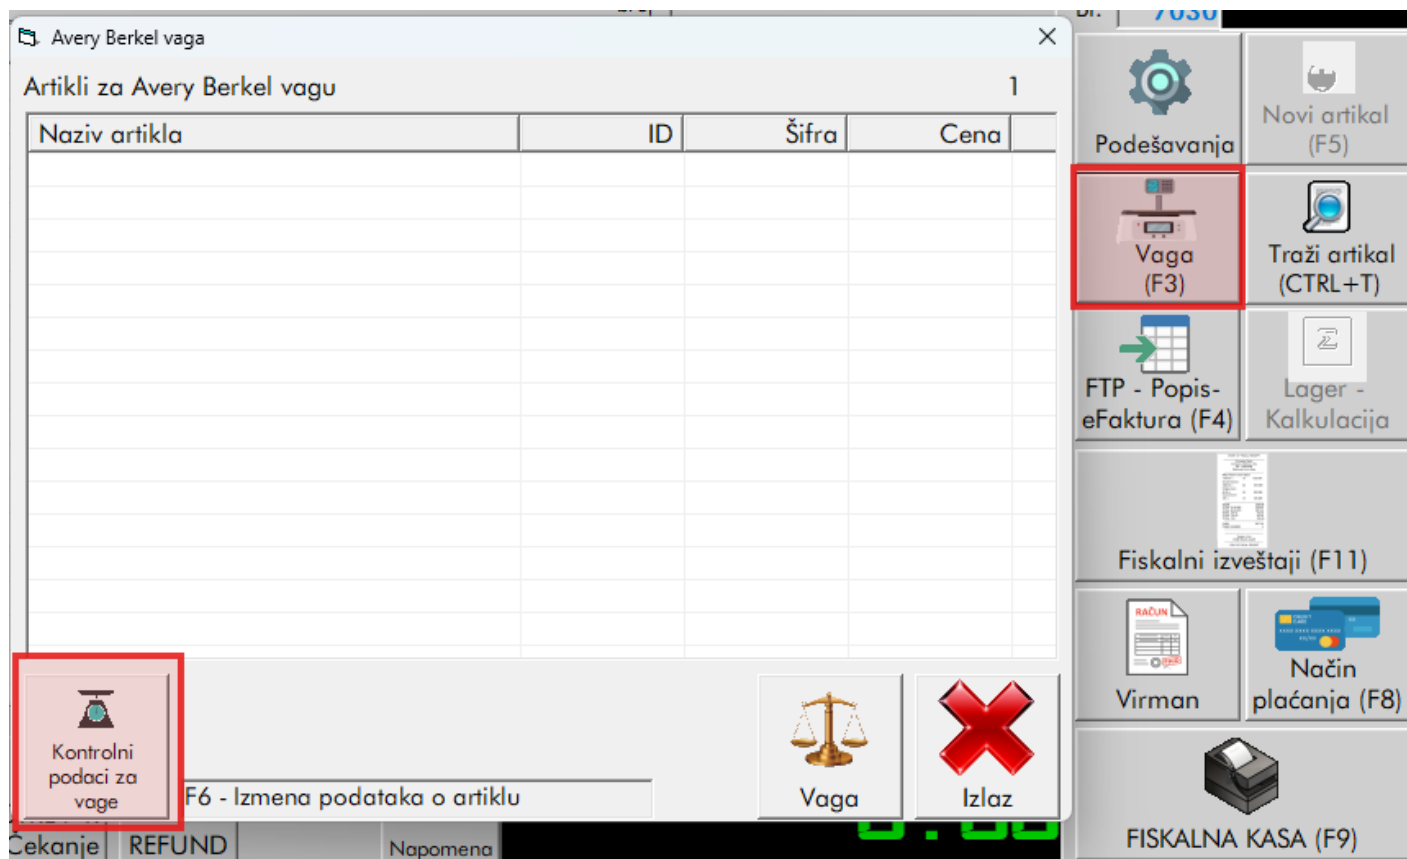

Ugradna Vaga / Barkod

Datalogic

Najpre treba podesiti COM Port na koji je vaga povezana. Otvori Device Manager, pronadji COM Port i podesi podesi parametre porta na sledeci nacin:

Nakon podesavanja COM Porta, otvori podesavanja Kontrol Vaga :

I podesi kontrolne parametre na sledeci nacin
